**1. PRODUCT DESCRIPTION/APPLICATION**

**ANTIBAC FS** is a light coloured opaque liquid with no fragrance.

**ANTIBAC FS** has excellent grease cutting capability on most commercial and industrial surfaces. Included is a hospital strength disinfectant with broad spectrum activity against bacteria and heavy duty cleaning ability. Recommended for cleaning & disinfecting all areas where soiling is of a medium to heavy nature.

**Food Industry Degreaser Cleaner Disinfectant Foaming Sanitiser ARTG No. 308321**

**2. METHOD OF USE**

Use **ANTI-BAC FS** at a dilution of 1:4 for heavy greasy soils, 1:9 for medium, 1:19 for light. If soiling is very heavy and disinfection is critical, clean first with **ANTI-BAC FS**, then use a fresh solution afterwards to disinfect.

Do not mix with soaps, detergents or other chemicals or deactivation may occur. Suitable for use in foaming applicator and industrial scrubbing machines. Use with our Dema 900.2PU Pump Up Foamer – effective to clean and disinfect stainless steel food processing equipment.

**3. TECHNICAL DETAILS**

**Formulated with 'Third Generation' QACs Resulting in increased biocidal activity and lower toxicity to the end user.**

**ANTI-BAC FS** contains alkaline builders, Non-ionic surfactant blend, water softening agents and detergents for effective cleaning, plus 1g/l quaternary ammonium compound for disinfecting. It has a pH of 10.3-10.5 in the neat form. **Hospital Grade Disinfectant** TGA registered and approved product. (ARTG No. 308321)
