

Complete Laundry Care System

HY.GIENE AUSTRALIA Cleaning Products presents an Advanced and Complete Laundry Care System Post COVID-19

With added Hospital Grade Disinfectant - Kills 99.9% of germs

Oil retention in towels

You can definitely pretreat the stain directly either presoaking or spraying the soil with the Laundry Degreaser, rub in, wait 5-10 minutes (but don't let the product dry out on the fabric), and then wash the towels as directed. Our HYWASH 3 step process is simple and very effective.

Using Fabric Softener

While everyone loves to dry off with a soft towel, liquid fabric softener can reduce the absorbency of your towels. If you feel like your towels aren't drying as well as they did when they were new, skip the softener every few washes.

Exceptional Quality & Features

Both our laundry liquid detergent and laundry powder are Premium grade non hazardous products, fully biodegradable and suitable for front and top loading machines in hot or cold water.

The HY.WASH Laundry System is safe, cost efficient, for your Commercial and Home needs.

Proudly Australian Made and Owned

Complete Laundry Care System

The ingredients are highly active, low sudsing with powerful optical brightener and soiling suspending agents for free rinsing. Being a concentrate, the dosage rate for the liquid and powder products is reduced – giving you great value and great results!

Uniquely formulated to remove heavily embedded soils such as grease, oils, and fats from synthetic cotton blends and pure cotton.

A highly concentrated spotter and degreaser remover ideally suited for use on fabric stains in any laundry. It is particularly effective for use in Day Spa & salons for removal and disinfection of mud wraps, removal of make ups and facial creams.

Kills 99.9% of germs Including salmonella, e.coli, staphylococcus, enterococcus & pseudomonas. Our laundry soaker is Premium grade oxygen bleach powder. It does not contain Salt Fillers or Phosphates. The results are exceptional.

COMMERCIAL AND HOME USE STARTER PACKS

RE-ORDER CODE: 40430
