

PRODUCT: SUPERB

Non Dangerous Machine Dishwash Liquid

DATE OF ISSUE: November 2016

Company: HY.GIENE Australia Pty Ltd

Address: Unit 3, 41 Gatwick Rd, Bayswater North Vic 3153 Australia

Telephone: (03) 9729 3946 **Email:** sales@hygieneaustralia.com.au

1. PRODUCT DESCRIPTION/APPLICATION

SUPERB machine Dishwash liquid is a concentrated low foaming pot washing and dishwashing machine detergent. It is a clear liquid. SUPERB machine Dishwash is a pale amber liquid based on a blend of heavy duty alkaline detergents combined with soil suspending agents, corrosion inhibitors, anti-scaling components and a stabilised chlorine de-staining agent.

SUPERB is dosed automatically through the dispensing unit and maintained at a concentration of 1 - 2 gm /litre.

Operating temperature is normally between 75 - 80°C.

SUPERB should always be used in conjunction with SPARKLE (Rinse Aid) to ensure all washed articles and completely clean and dry.

2. TECHNICAL DETAILS

MACHINE DISHWASHING LIQUID is NOT a caustic and chlorine liquid containing a blend of water softening agents, corrosion inhibitors and soil dispersants.

SUPERB is dispensed by an electronic feeder. SUPERB is formulated especially for use with the HY.GIENE Auto monitoring Dispenser System.

This is a complete Hands-Off system which ensures optimum concentration and economy of use of detergent is maintained at all times. The dispenser involves the use of a potentiometric probe which "senses" detergent concentration in the wash tank and signals the pump when to add more detergent.

4. PACKAGING

- ♦ 5 litre Polyethylene drum – Product Code: 10124
- ♦ 3x5 litre Polyethylene drum – Product Code: 10124B
- ♦ 15 litre Polyethylene drum – Product Code: 10125

5. SAFETY

Classified as Non Dangerous Good by the Criteria of the Australian Dangerous Good Code

Proper Shipping Name: Not required UN Number: Not applicable

Dangerous Goods Class: Not applicable Subsidiary Risk:

Not applicable Hazchem Code: Not applicable Packing Group: Not applicable
