

PRODUCT : WOOLWASH

DATE OF ISSUE: November 2016

Company: HY.GIENE Australia Pty Ltd

Address: Unit 3, 41 Gatwick Rd, Bayswater North Vic 3153 Australia

Telephone: (03) 9729 3946 **Email:** sales@hygieneaustralia.com.au

1. PRODUCT DESCRIPTION/APPLICATION

WOOLWASH is an opaque/tan coloured liquid with a pleasant eucalyptus fragrance. WOOLWASH produces outstanding detergency due to its highly efficient surfactant system and its soil suspension system.

WOOLWASH was developed to be used in the washing of delicate fibers such as wool as well as synthetic fabrics and cotton blends. WOOLWASH is recommended for laundering garments with the Wool Blend logo.

2. METHOD OF USE

DIRECTIONS FOR USE

Follow garment manufacturers care instructions. Do not wash garments labelled "Dry Clean Only". Hand wash in warm water unless garments are labelled "Superwash" or "Machine Wash".

Hand washing - Add 10ml to sink, basin or tub. Squeeze suds through the fabric. Rinse in fresh warm water.

Machine washing - Rate of usage is 110ml to 230ml per 45 kg of dry weight according to machinery and spoilage factors. Maintain a copious lather of suds. Usual temperatures, water levels and wash time cycles can be maintained.

3. TECHNICAL DETAILS

- Specially formulated for the washing of all woolen articles including blankets and jumpers.
- Safe on all woolen fabrics as well as synthetic/cotton blends and drip-dry garments.
- Pleasantly perfumed to leave washed articles with a clean fresh eucalyptus fragrance.
- Highly concentrated and economical in use.
- Outstanding detergency properties with a balanced pH.

4. PACKAGING

◆ 5 litre Polyethylene drum – Product Code: 40305

5. SAFETY
