23 August, 2020

Hi Peter

You can pass our recommendation on to any food processing establishment

To whom it may concern,

HY.GIENE Australia Pty Ltd has been great since we made the change. They came and offered a great rationalised option.

HY.GIENE are accommodating to our needs and budget. We've been a customer for 2 1/2 years and our general hygiene and cleanliness is better since using their products.

Regards

Daniela Marandola
