1. PRODUCT DESCRIPTION/APPLICATION

ENVIRO.GIENE RTU is a clear liquid with a mild eucalyptus scent. ENVIRO.GIENE RTU is a Hospital Grade Disinfectant that kills 99.99% of germs including *Pseudomonas aeruginosa*, *Staphylococcus aureus*, *Salmonella choleraesuis* and CORONAVIRUS SARS-CoV-19 (COVID-19). **ARTG No. 353369**

It is a powerful multipurpose hard surface cleaner and TGA approved hospital grade disinfectant, used for various applications and industries:

Accommodation Lodging, Garbage Shoot & Bin Cleaning, Facility Management, Hospitality, All Transport (Incl *airline cabin cleaning and fleet vehicles*), Aged Care, Medical/Animal Clinics & Surgeries, Public Washrooms, Child Care, Fitness Centres and industrial.

Effectively cleans, degreasers and deodorisers with disinfecting and sanitising, properties. Also used for cleaning and sanitising floors, walls, bathrooms, transport & machinery, processing equipment, carpet and fabric etc. It has moderate foam and can be used in floor and carpet cleaning applicators.

2. METHOD OF USE

For all general cleaning, ENVIRO.GIENE RTU can be left on the surface without rinsing, but it does need to be wiped after spraying to produce a thin even film to effect rapid drying and complete disinfection.

Spray on to surface and allow to stand for 10 minutes. Wipe using a clean damp cloth and allow to dry. Only suitable as a hard surface disinfectant - bench tops, stainless steel, appliances, splashbacks, bathrooms, kitchens and food preparation areas.

ENVIRO.GIENE RTU is suitable for use through high pressure spray foam applicators. For mould can be applied with use of recommended tile and grout brush. For carpet and fabric can be used with carpet extraction or steam vacuum

3. TECHNICAL DETAILS

ENVIRO.GIENE RTU is an alkaline liquid containing a unique blend of surfactants. It has pH level between 10.5 to 11.5. Major ingredients are biodegradable and will not accumulate in soil or water or cause long term problems.

Formulated with 'Third Generation' QACs Resulting in increased biocidal activity and lower toxicity to the end user. **Kills 99.99% of germs** Including CORONAVIRUS SARS-CoV-19 (COVID-19), salmonella, e.coli, staphylococcus, enterococcus & pseudomonas.

Manufactured by Zuccon Pty Ltd for HY.GIENE Australia.
