

LAUNDRY CARE

Complete Laundry Care System

Advanced and Complete Laundry Care System Post COVID-19

Oil Grease Retention In Linen, Towels & Clothing

Our HYWASH 3 step process is simple and very effective for removing grease and cosmetic spray tan oils in bed linen, massage & pool towels and robes.

Longer Life From Your Linen & Towels

Our Laundry Care process will protect the fibres of your towels, giving you superior colour retention so they look beautiful for longer.

Exceptional Quality and Features

Both our laundry liquid detergent and laundry powder lines are Premium grade non hazardous products, fully biodegradable and suitable for front and top loading machines in hot or cold water.

The HY.WASH Laundry System is safe and cost efficient.

5L HY.WASH Laundry Degreaser
5kg Laundry Soaker

Order Code: 40431

10kg Laundry Powder
5L HY.WASH Laundry Degreaser
10kg Laundry Soaker

Laundry Degreaser is dosed at 4ml per 1kg wash load to give a solution that is >400ppm active ingredient, which is sufficient to kill 99.99% germs. Temperature is not a factor with respect to kill.

Laundry Degreaser is a hospital grade disinfectant.

Complete Laundry Care System

The ingredients are highly active, low sudsing with powerful optical brightener and soiling suspending agents for free rinsing. Being a concentrate, the dosage rate for the liquid and powder products is reduced – giving you great value and great results!

Uniquely formulated to remove heavily embedded soils such as grease, oils, and fats from synthetic cotton blends and pure cotton.

A highly concentrated spotter and degreaser remover ideally suited for use on fabric stains in any laundry. It is particularly effective for industrial use for

removal of most machine oils, disinfection of mud items, removal of greases and grime.

We recommend the occasional deep clean of your linen and towels on a warm to hot cycle to remove any bacteria and oils. 40 – 60 degrees is ideal for this. Try not to overcrowd the washing machine, so there's plenty of water to soak and wash. Three quarter machine load of clothing/towels is plenty.

*We recommend adding a Rinse & Spin cycle with an extra 3 step deep clean every few weeks prior to the main wash.
