1. PRODUCT DESCRIPTION/APPLICATION

A highly concentrated formulation to assist with the removal of grease, fat and oil from soiled garments in a laundering situation.

2. FEATURES AND BENEFITS

- BOOSTA exhibits stable storage properties.
- Excellent for the removal of fatty soils and protein build ups.
- BOOSTA is suitable for use in cold or hot water
- Ideally suited to automated liquid dispensing systems.

3. METHOD OF USE

Used as a booster in our HY.WASH OPL system.

Add 500ml BOOSTA per 60kg wash load in conjunction with BREAK Liquid / TITAN Powder in the main wash for dirty, greasy garments and items.

SUGGESTED USE RATES:

LIGHT SOIL Motel linen including pillow slips, bath mats and towels use 100-150 mLs per 45Kg dry weight in the break wash, or if no break wash is used, use 200mLs BOOSTA with 50mL BREAK LL/TITAN.

MEDIUM SOIL Use at the rate of 150-200 mL of BOOSTA in conjunction with 50mL of BREAK LL/TITAN.

HEAVY SOIL Abattoirs, Chefs Apparel, Hospital linen and similarly stained work, use BOOSTA at the rate of 250- 300mLs per 45kg per weight load with 50mL of BREAK/ TITAN 50g.

4. TECHNICAL DETAILS

BOOSTA was formulated as an alkaline builder for use in conjunction with our detergent product BREAK LL/TITAN. BOOSTA is particularly useful in the removal of fatty soils and protein build ups in garments from hospitals, meat abattoirs and food processing.

5. PACKAGING

Available in 5L, 15L, 200L

6. CLASSIFICATION

A. CLASSIFICATION

Poisons Schedule Number: S6 Dangerous Goods: Class 8, Packaging Group II, UN 1814

B. USAGE

BOOSTA must only be used with an electronic feeder on a commercial machine. Never add manually or use for manual washing. Store in a secure area. Wear safety glasses and impervious gloves when changing drums. Safety Data Sheets are available on all HY.GIENE AUSTRALIA products. Please make sure the current issue is available and read before using the product.

BOOSTA is a heavy duty commercial product. When diluted in a dishwasher and disposed of through a sewer it poses no harm to the environment.
