

HY.GIENE RTU (Ready To Use) Commercial Kitchen Cleaning Solutions

Simplify Your Clean. Maximise Your Efficiency.

Cafés & Restaurants

HY.GIENE's Ready To Use Range is a breakthrough in cleaning innovation designed to transform your Back of House (BoH) & Front of House (FoH) cleaning procedures and elevate your hygiene standards. With seven new cleaning solutions catering to various needs, our Ready To Use Range simplifies your routines and ensures optimal cleanliness — no dilution, no spills, no waste.

Why Choose RTU Chemicals?

- ✓ Ready to Use – No mixing, no measuring, no errors
- ✓ Accurate Dilution – Consistent performance, every time
- ✓ Safer for Staff – No handling of concentrates or risk of incorrect dilution
- ✓ Saves Storage Space – Smaller footprint, fewer bulky containers
- ✓ Simplifies Training – Fast onboarding for new kitchen and café staff
- ✓ Versatile – Perfect for cafés, restaurants, pubs, and foodservice operations
